# One statement, two looks

Read over your partner's statement.

1. A one-minute look: You have one minute to read. Then, reflect on what you remember as if you were telling a different colleague about the candidate whose statement you just read.
  - Lindsey + Jake
  - Abbas + Kelly
  - Liz + Tori + Alex
2. A five-minute look: You have five minutes to read. Then, give feedback (positive and constructive) to your partner for improvement.
  - Tori + Kelly + Jake
  - Abbas + Liz
  - Lindsey + Alex

Remember, you're not judging each others' philosophy/experience, but instead critiquing how they present their philosophy/experience.
